

The US Review of Books™ offers many levels of service, including Plus, Feature, Premium, and Platinum. Through our partnership with the Eric Hoffer Book Award, award registration may also be included as an added service for your customers (see below). **All reviews are mentioned in our monthly newsletter to nearly 15,000 subscribers, including librarians, readers, and additional followers on GoodReads, Twitter, and Facebook.** Learn why [the US Review is different than other professional review service](#).

Services

The Plus Review provides an approximately 250-word professional book review, which includes the book cover image and a website link. The title will be listed under recent reviews for one month, presented in our monthly newsletter, and placed in our permanent on-line review catalog. The book cover image and website link must be provided by the author or the author's representative. *Note: The link must be to a sales or informational website regarding the book or author. The US Review has the right to refuse a link when necessary.*

The Feature Review includes the services of the Plus Review package, as well as main page feature placement of the book review for one month. Feature placement involves teaser content of the book review, including the book image, data, and a link to the complete review. There is also a special "Featured Book" section in our newsletter. This option is renewable. *Note: Due to space restrictions, this service may not always be scheduled to coincide with the release of the book review.*

The Premium Review includes the services of the Feature Review package, as well as main page banner placement for one month and a specific mention to our thousands of social media followers. Banner placement involves a book cover image and link in the premium banner position of the main page. Depending on the number of premium requests, placement will show from 50-100% of the time. This option is renewable. *Note: Due to space restrictions, this service may not always be scheduled to coincide with the release of the book review.*

The Platinum Review package includes the services of the Premium Review, but in an extended feature article about the book and author. While all of our reviews provide solid and professional coverage, this is our most in-depth feature in content and length. The article will run at least 500 words and include further summary, criticism, and source materials. It should form a great addition to your public profile and media kits.

Pricing

service	price	review in USR	cover image	link to website	feature display	banner display	extended article
Plus	\$89.10 (\$99@10%disc)	√	√	√	-	-	-

Platinum	\$199.20 (\$249@20%disc)	√	√	√	√	√	√

Note: To include Eric Hoffer Award registration, add \$60 per service.

Eric Hoffer Book Award (www.HofferAward.com)

The Hoffer Award honors the memory of the great American philosopher Eric Hoffer by highlighting salient writing, as well as the independent spirit of small publishers. The winning books are covered in the US Review of Books. A \$2,500 grand prize is awarded overall. Each category is awarded a winner, runner-up, and multiple honorable mentions. Individual press type (small, academic, micro, and self-published) honors are awarded. The Montaigne Medal (most thought-provoking books), the da Vinci Eye (outstanding cover art), and the First Horizon Award (best first book) are awarded from the entire judging pool. Visit www.HofferAward.com for details.

The US Review of Books (www.theUSreview.com)

- Each book review receives its own page and professional layout.
- A cover image and custom link can be added to a review.
- Social media buttons appear at the end of each review
- Pages are mobile device compatible.

THE US Review of Books

Idiot!
By Christopher Klein
Spewell Publications

reviewed by J. Stata

"When they came for Thomas King, he was asleep, locked in a fantastic dream."

For readers looking to experience the pure and effortless joy of being drawn right into a novel within the first few pages, award-winning author/journalist, Christopher Klein's, latest novel *Idiot!* delivers a delightful read.

Set in the Pine Barrens forests of New Jersey and Cranfield Lakes, *Idiot!* is a page-turning and character-driven story of small-town greed and corruption. Based around the severely dyslexic and perceived village idiot, Thomas King, who is a forest ranger and "salvager of other people's trash, a pathologist who made use of the things other people left behind."

The pairing of Tom with his old high school crush, Claire Wooten, a former beauty queen turned town drunk, becomes the dynamic core to which Klein attaches everything else in the story to help him create a powerful illusion of reality, despair, and hope in the reader's mind.

And though Claire was a woman Tom had known for a lifetime, and yet she remained "a dream that would never be his in the flesh," Klein plausibly writes this unlikely pair as they break from their past lives of hardship to redeem a bankrupt town from a posse of local villains, greed, corruption, and itself.

Reverent Poetry: Revolutionary Sensational Creations

by M. Jewel FX

Yardbird Publishing

reviewed by Miké Stab.

"Sensations romanticizing every tremulous extended fingertip to the endearing touch enough to grasp the entire being's embodiment."

In *Reverent*, the speaker has a knack for tackling one of the most difficult aspects of writing poetry: visualizing the waves of emotions and fusing them from the mind and the heart into words that will stir the individual. Filled with strong, sensual details, each poem in the compilation takes on a life of its own. Jewel FX's collection uses short, crisp stanzas that flow well. The reader is rarely trying to figure out what the speaker means; instead, he or she is able to enjoy the potent word choice and vivid imagery that infuse the poems with energy. ... (read more)

- Premium cover placement can be requested for our home page with an author link. (A premium cover placement appears below our main menu.)

- Convenient search tool for entire publication.

- Feature review placement in our publication and newsletter can be requested. (A feature review appears on our home page in the features section.)
